

“POINTS TO BE REMEMBERED WHILE USING ONLINE CLASSES”

FOR TEACHERS (WHAT TO DO / WHAT NOT TO DO)

DO'S :

- Find out the full network and peaceful area and set yourself before class.
- Prepare notes, digital or online content before the class.
- Use subject related art and images for online class.
- Make your class interactive by asking questions.
- Start you class on time and also manage total session time.
- Go slow in online teaching as students takes time to understand.
- Always give some homework.

DON'T :

- Don't be late.
- Never speak for too long with a single frame or slide in online class.
- Don't wait for too long for answers if you asked someone any question, May be there is any technical issue.
- Don't try to give only audio lecture because it becomes boring and students can leave it.
